BY ARTHUR BRISBANE

BANKERS offered \$5,000 for any lead on a dead or alive, Captain Hamer, of the Texas Rangers says that four Texas bankers were lured into a trap by a man who did not share information to the Texas bankers. It was a "murder machine" and the bankers in order to get their money back, they were lured into the trap.

Wall Street broke all records today, more than 5,000,000 shares were sold, the value of the market increased by a billion dollars. The stock market again showed a record, selling more than 5,000,000 shares.

A new record is open to energetic pilots. Capt. Gordon Smith, for example, opens the way, in an airplane to him and co-pilots by flying over the world.

MR. WALL, wealthy Toledo business man, has his airplane to Captain Smith, who is for the fun of flying. The plane will carry an operator and a passenger apparatus installed in the Radio Corporation of America.

Seven big airplanes will simplify the flying salesman's work, eliminating the long distance, multiplying the value and earning power by flying.

CARDINAL MUNDELEIN of Chicago, announced by the pope, on Monday, a check for \$1,500,000, contributed by American Catholics to "aid a propagation of the faith."

CARDINAL MUNDELEIN was advised by the Swiss Guards wearing interesting uniforms designed by Angel. His cloak was removed by the great choir in which the cardinal was seated in St. Peter's. The cardinal's press reports describe Cardinal Mundelein prostrating himself before the pope, who affectionately raised and embraced him, and a special blessing to each cardinal in America.

STEFANSON, eating nothing but meat in a test, finds that it agrees with him. Men in the Arctic circle eat meat. The greater part of their diet is meat. Man is an adaptable animal, can live on the equator, the temperature at 140 above or in the Arctic at 100 below zero. He can stand it on almost anything.

DET what man needs and ought to eat is a much mixed diet. His diet should be varied. And to him, his work Providence has given him a palate that craves all of the good things. An omnivorous or vegetarian diet is bad.

THE House Postoffice Committee recommends a cut of \$10,000,000 from the postoffice charges. The one-cent postmark will be restored, the one-cent postage stamps reduced. The suggestion is a good one, if only it shows that the government does not run a postoffice well, even if it runs railroads, steamships and other enterprises.

CITY SEEKING CONTRACT ON PRISON BOARD

Solicitor Geran and Police Chief Thompson Confering with Delaware Officials

LOWER RATES ARE SOUGHT
Officials Claim Charge Proposed by County Commissioners Is Too High

Local officials started out today in their quest for a boarding house for city law violators. A schedule of rates proposed by the Board of County Commissioners for housing city prisoners in the County Jail is unsatisfactory with city officials and they have decided to negotiate a contract with some other county if such arrangements can be made.

Today City Solicitor George T. Geran and Chief of Police J. W. Thompson acting under authority from City Council, went to Delaware to take up the matter with the commissioners of Delaware County. If satisfactory rates can be obtained, local prisoners will be taken to the Delaware County Jail in the future, Geran stated this morning.

Expect Lower Rates
Should the visit to Delaware fail to get results, negotiations will be sought with some other adjoining county, it was announced. Geran and other city officials believe that it will be possible to obtain a jail board contract with one of these outside counties which will give the city lower rates than those demanded by the Marion County Commissioners.

Under the contract submitted by the Marion County board, the city would be required to pay 75 cents a day for each prisoner. This amount would be paid regardless of the number of meals served. The city holds that 75 cents should cover the cost of three meals for each day. The county, however, insists that the payment should be for the period of imprisonment, regardless of the meals served to the prisoner.

Under this arrangement, the charge made for a prisoner placed in jail the afternoon or evening of one day and released the following morning would be \$1.50, even though he may have been fed only once or not at all.

Defend Plan
This is the form of contract which the county has always had with workhouses and other institutions, the commissioners state. They also assert that it has been approved by state examiners who say that such contracts are in effect generally throughout Ohio.

The commissioners indicated today that they will not consider any change in the terms and that they will make no effort to prevent the city from taking its prisoners elsewhere.

TOLEDO LANDS 192: D. A. R. CONVENTION

Annual Banquet Tonight; Favors Stronger Army and Navy in Resolution

Cleveland, March 15—The fourth day of the annual convention of the Ohio Chapter of the Daughters of the American Revolution here today was devoted to the hearing of more committee reports. The annual convention banquet scheduled for tonight will have Judge Harry Atwood, of Chicago, as the principal speaker.

Toledo was chosen yesterday for the 1928 state convention upon the invitation of Mrs. Albert H. Miller, Regent of the Fort Industry Chapter, Toledo. A resolution that the state legislature should give better observance of the nation to securing better observance of the present laws and not pass more laws, was accepted by the D. A. R. delegates yesterday. The convention also adopted a resolution, introduced by Mrs. A. C. Messenger of Xenia, chairman of the national defense committee, which favored the strengthening of the army and navy.

CLAIM KINKEAD FLEW AT SPEED OF 330 MILES

London, March 15—Unofficial claim was made today that Flight Lieut. S. M. Kinkead attained a speed of 330 miles an hour in a trial flight with his seaplane prior to his death at Southampton on Monday. This claim was made by friends of Kinkead. The seaplane was killed while trying to break the official seaplane speed record of 296.5 miles an hour held by Major De Bernardi of Italy.

NEGRO ARRESTED HERE AS SUSPECT IN MURDER

A negro giving his name as Clyde Jones was arrested at police headquarters last night as a suspect in the shooting of a colored man at Mansfield Tuesday night and is being held for an examination by the sheriff of Richland County. The colored man was placed under arrest when he applied at police headquarters for a place to stay all night. The killing of the negro at Mansfield followed an argument with a first-class passenger.

Mrs. Lindbergh Receives Book of Signed Messages From French

DETROIT, March 15—Mrs. Germaine Gosselin of Valenciennes, France, aviatrix and race driver was preparing today to leave for New York, having presented to Mrs. Evangeline L. Lindbergh a book of signed messages from French nobles and other gifts, the mission which brought her to Detroit three weeks ago.

The presentation was made in the Cass Technical High School, where Mrs. Lindbergh is a teacher chemistry.

DISCLOSE RICH GIVING LAVISH GIFTS TO G. O. P.

Picture of Republican Opulence Revealed Before Senate's Committee

Chicago, March 15—A picture of Republican opulence in which rich business men made lavish gifts to the Republicans, was revealed today at the Senate's inquiry here into what became of the Continental Trading Company's \$3,000,000 Liberty Bond slush fund.

William Wrigley, Jr., multimillionaire baseball and chewing gum magnate, gave the Republicans \$81,000 between 1920 and 1924, according to William Henry Stanley, his secretary.

Stanley denied today that Wrigley had received any of Harry F. Sinclair's Liberty Bonds in return for his cash gifts. A peculiar handling of the Republican finances was recalled by the testimony of John F. Jelke, Jr., son of John F. Jelke, wealthy Chicago contractor. He swore his father gave the Republicans only \$300 and in the years 1921, 1922 and 1923, whereas the officials records of the Republican party credited him with contributions of \$1,100 in those years. Jelke could not explain this discrepancy.

Nye Examines Witnesses

Senator Nye, Republican, conducted the examination of witnesses.

Edward Hines, wealthy lumberman, the first witness, told of giving the Republicans about \$12,500 over the same period. He told first of giving \$2,000 in 1920.

Hines said all his records of Republican contributions prior to October 1924 had been destroyed by a fire in December last year.

"Did you make a contribution of \$5,000 in 1921, 1922, or 1923?"

"I may have. That seems possible. It was not more than that."

Hines said his 1924 gift was made at the solicitation of B. A. Eckhart, millionaire miller of Chicago.

Bonds His Own
"I met Mr. Eckhart at a directors' meeting and he asked me to contribute, so I did."

"Was the suggestion made that you could hold some securities in return for your contribution?"

"No sir, no such suggestion was made."

Hines said he owned Liberty Bonds but that he had not received them from any person connected with the Republican party.

BORAH TALKS WITH COOLIDGE ON FUNDS

Campaign To Return Contributions to Sinclair Assumes Real Proportions

Washington, March 15—Senator William E. Borah's campaign to have the Republican party return to Harry F. Sinclair the \$100,000 which the oil magnate contributed to make up the 1923 deficit assumed real proportions today.

After a conference with President Coolidge at the White House, the Idaho Senator revealed that since he started the movement voluntary checks and pledges have reached him which total \$5,500.

Borah is understood to have discussed the matter with the President, although he declined to say anything about the subject matter of their conference.

Period Allowed to Name School Orators for Star Contest Closes on Friday

Selections in Seven Counties Included in Marion District Expected To Be Completed by Tomorrow; Many Names Already Turned In

All rural high schools in the district served by The Marion Star which expect to take part in the International Oratorical Contest which is being sponsored in this territory by The Star must announce their selections by Friday.

Reports throughout the seven counties included in this district indicate that all selections will have been completed by tomorrow, the final date for naming contestants.

Under the plan of conducting the contest in this territory every school unit in the seven counties is permitted to send a representative to Marion for the newspaper finals on April 20.

Since all rural high schools constitute the county unit, elimination contests are to be held March 30 at the various county seats to select the county orator. Exemplified village or city schools, constituting a separate unit in the county, will not take part in the county contest but will send their representatives to Marion without taking part in a previous contest, unless such elimination events are held within the school.

Plan in Brief

Exemplified village schools have the privilege of selecting their orators in an elimination event or by having school officials make the choice. In brief the plan is this:

High Schools in cities in the seven counties which do not come under the direction of the county school superintendent are to name an orator, who will come to Marion for the district finals. These representatives will not take part in any other contest.

Rural high schools in the seven counties will hold contests at the county seats to select the county representatives, who will come to Marion for the finals.

In Marion County Harding High School's entrant will go into the finals without taking part in a previous contest. Orators selected by rural schools in the county will meet on March 30 in a county-wide event to select Marion County's representative. Turn to Page 5

TO OUST ZOUBKOFF

Ex-Kaiser's Brother-in-Law Ordered Expelled from Germany

Cologne, Germany, March 15—The district commissioner today ordered Alexander Zoubkoff, brother-in-law of the former Kaiser, expelled from Germany because of his failure to renew his passport. Zoubkoff is a Russian emigre.

Zoubkoff, who is 27 years old, was married in November to the ex-Kaiser's 62 year old sister, Princess Victoria Zoubskaya. He has figured in numerous escapades in Bonn and Berlin since his marriage. Following a dance hall brawl in Berlin recently it was reported that the princess contemplated a divorce, but she denied it.

LABOR BEHIND MOVEMENT FOR BETTER MARION

Central Union Unanimously Indorses Plan Advocated at Meeting Monday

PROMISES CO-OPERATION

President Clark Reviews Civic Gathering and Patterson Talk

Unanimously indorsing the Marion forward movement launched at a meeting of civic leaders at Marion Rotary Club's luncheon Monday noon, members of Central Labor Union last night voted to co-operate with other organizations in the united drive for municipal advancement.

Closer contacts between labor and capital with a view to reducing the alternating periods of inflation and depression in the city's industrial life, increased interest in Marion's plans for the future and support of industrial enterprises were urged in addresses.

Reviews Address

Don B. Clark, president of the union, who was a guest at the luncheon of civic leaders Monday noon, gave a short review of the address of Grove Patterson, Toledo Blade editor, out of which grew the progressive Marion movement. A general discussion of the advantages of such a drive to Marion was held. C. A. Bolien and John J. Zuck taking the leading part.

United support of Marion-owned stores and shops with hours of employment and wages in keeping with those in other organized progressive cities was declared one of the needs of the city.

Petty jealousies, cut throat competition and the attitude of "letting George do it" will have to be slung out if this program of civic improvement and industrial and commercial progress is to be put across, it was pointed out.

Drop Rivalry, Try

Business rivalry makes for commercial advancement in which the retailer and customer share alike, it was declared, but that same rivalry works as a handicap if it is not dropped when business men are called to "put their shoulder to the wheel."

Soldiers in a common cause must describe those enlisted in this movement if Marion is to thrive, it was pointed out.

MAROOED VILLAGES GET FOOD BY PLANE

Hundreds in Two Michigan Places Face Starvation; Two Persons Ill

Selfridge Field, Mich., March 15—A government transport plane hopped off today from Selfridge Field for the snow-bound and upper peninsula to deliver food and medicine to the marooned villages of Detroit and Ithaca, where two persons are critically ill and hundreds are facing the threat of hunger.

The hopes of the villagers are pinned on the plane. A snowmobile, carrying 1,000 pounds of supplies, was lost today in a severe blizzard somewhere on the 60-mile stretch south of Sault Ste. Marie.

COURT REFUSES TO DISMISS FORD SUIT

Motor Magnate's Counsel Files Motion To Drop Leland's Action

Pontiac, Mich., March 15—Judge F. L. Covert in Circuit Court today denied the motion of attorneys for Henry and Edsel Ford asking dismissal of the \$50,000 "breach of faith suit" filed by Henry M. and Wilfred C. Leland and other stockholders of the old Lincoln Motor Car Co.

The Leland claim the Fords failed to keep an alleged promise to reimburse the stockholders of the old Lincoln company which was bought by the Fords at a receiver's sale.

SAM'L COLLECTS

More Than Million Dollars Being Taken

Washington, March 15—Charles Sam'l is collecting over a million dollars today in income taxes, payments of two hundred thousand dollars and from miscellaneous sources.

Sam'l's representatives at the Treasury department are expected to collect more than a million dollars in income taxes, payments of two hundred thousand dollars and from miscellaneous sources.

The members are Dr. S. and Carl M. Nevers, Dale Franklin.

WIFE IS HOPEFUL

Mrs. Hinchcliffe Pale and Weary From Worry

LONDON, March 15—Pale and weary after a 24-hour vigil awaiting news of her husband, Mrs. Walter Hinchcliffe was hopeful today that her husband had safely crossed the Atlantic and had landed in some "isolated spot" which has prevented him from communicating with her.

"Mrs. Hinchcliffe is quite calm although naturally she is anxious," a friend told International News Service. "The hopes were refreshed by the report that the Channel officials have received a message that Captain Hinchcliffe landed somewhere in America, even if it is not yet officially confirmed."

KNOWN DEAD IN FLOOD DISASTER PLACED AT 373

Seven Separate Investigations Under Way While Victims Are Claimed

Los Angeles, March 15—Amidst the ruin and havoc of one of the most appalling disasters in recent years, the known dead of Santa Clara Valley were assembled today in crude morgues while sorrowing witnesses waited to tell how they died when trapped by the flood waters unleashed by the broken St. Francis Dam.

Four inquests were ordered held simultaneously today at Fillmore, Moorpark, Santa Paula and Oxnard in drug stores and dance halls which have been converted into temporary morgues.

A fifth inquest for those who lost their lives in San Francisco Canyon will be held here next week when Coroner Frank A. Nance will conduct an inquisition to fix the blame for the tragedy.

Meanwhile, the unknown dead of the devastated valley lay buried beneath tons of silt and debris as the gigantic search for unrecovered bodies pushed on.

Seven Probed Under Way

The toll of human lives taken in the catastrophic flood at 373 persons, officially reported dead and missing.

With seven separate investigations under way to determine what caused the huge dam across San Francisco Canyon to go out, workers in the flood area today were confronted by the fourfold task of:

- 1.—Systematic identification of the recovered dead.
- 2.—Rehabilitation of hundreds of homeless survivors.
- 3.—Enforcement of sanitation measures to prevent epidemic.
- 4.—Reconstruction of property.

Probably the most far-reaching inquiry of the seven investigations under way is the one begun by Coroner Nance, who announced he would conduct an inquest.

ALL RADIO STATIONS TO AIR CONVENTIONS

Plans Made for Greatest Hook-Up During Republican, Democratic Gatherings

Washington, March 15—The greatest "air audience" that ever listened to the broadcasting of a public event will hear the details of the nomination of the next president of the United States.

Plans were in development today for a remarkable hook-up that will connect the auditoriums of the Republican national convention at Kansas City and the Democratic gathering in Houston with all big broadcasting stations.

The dramatic and stormy process of selecting the candidates will be carried to stations in every state—there are few areas so remote that its people cannot have a ring-side seat at the convention, provided they can get to a radio-speaker.

In addition to arrangements being perfected by the chain broadcasting companies, it was anticipated that several of the larger independent stations will have microphones in the convention halls, to give their audiences special interpretation of the political spectacle.

REPORTS CONFLICT

Four Exposed for Flying Machine in California Flood

Los Angeles, March 15—Conflicting reports of the fate of aviators Earl D. Hough of Santa Monica, and C. W. English of Anaheim, who took off in an airplane from Claremont Sunday to seek over the flood area, caused floods here to spread from the state safety.

A report from Newhall said the two men had made a forced landing last night near the San Gabriel River and Elroy had been rescued.

But reports today that they had not been seen since then up to a late hour last night.

SLENDER RAY OF HOPE

Experts Fear Couple Did Not Reach Mid-Ocean on Trip

New York, March 15—Eliza Mackay, pretty, steel-nerved daughter of an English lord, and Capt. Walter Hinchcliffe, who brought down seven enemy planes during the war and lost an eye doing it, have met the tragic fate of Nungesser and Gail, and other brave souls who essayed a westward flight across the Atlantic Ocean, in the opinion of almost everybody who have been waiting word of them for hours.

Hopes that Miss Mackay and Captain Hinchcliffe are alive was practically abandoned this morning when the falsity of numerous vague reports that they had been sighted was established. One report said a plane which might have been Hinchcliffe's had been forced down near St. John, New Brunswick; another that the plane had been observed near Augsemme, New Brunswick, and a few others equally vague. These reports served to buoy hopes of the watchers, but that was all.

Fourteen Victims

Noon passed without any definite word coming of the missing fliers. 67 hours passed since the take-off and at that hour nothing bearing definite confirmation that the plane had succeeded in crossing the Atlantic had been received, no exact and definite sighting of Hinchcliffe's Stinson-Douglas monoplane endeavor, attempting a flight from England to Philadelphia, had been made since Tuesday afternoon when it was seen by a vessel about 170 miles off the Irish coast.

Experienced aviators and meteorologists familiar with the dangers attending a flight from Europe to America expressed the belief that the daring couple had not reached mid-Atlantic. It was regarded as likely that somewhere over mid-ocean they ran into ice, sea and fog and were forced down into the sea.

Fourteen persons, two of them women, the 64-year-old Misses Lowenstein-Wertheim and Mrs. Frances Grayson, have lost their lives trying to fly the Atlantic and half of those Turn to Page 5

TOLEDO MAN KILLS WIFE, SHOTS SELF

Leaves Letter to Police Requesting Burial in Robes of K. K. K.

Toledo, March 15—Leaving a letter to police, in which he requested that his body be buried in the robes of the Ku Klux Klan, Otto Mullers, 37, shot his wife, Lulu, 30, to death in their home here early today, and then fired a bullet into his own head. He is reported dying at a hospital.

A 12-year-old daughter, Alma, told authorities she was awakened this morning by three shots from an adjoining bedroom in which her parents were sleeping. A moment later there was a fourth shot. Mullers and his wife were both found in bed, the woman with three bullets in her head.

Mullers said in his letter to police, that he killed his wife because she had become a member of a "Toledo drug ring." She was a drug addict, he said, and has been active in a "ring" which sells narcotics.

Oil Head Arraigned on Indictment Charging Contempt of Senate

Washington, March 15—Col. W. Stewart, chairman of the Senate subcommittee on oil, today pleaded not guilty today when he was arraigned before Chief Justice Nathan S. Webster on an indictment charging contempt of the Senate.

Stewart was granted 30 days in which to furnish a defense.

The indictment was the result of the refusal to answer questions concerning the Continental Liberty Bond "sales fund" in the oil scandal.

SAFETY DRIVES TO BE HELD BY RAILROADS

Plans Being Laid for Campaigns as Motoring Season Approaches

With the summer driving season approaching, railroads are preparing to open their annual crossing safety campaigns.

A number of years ago, practically every railroad in the country opened a drive on crossing accidents which are claimed to be avoidable.

A check of maps of Marion and Marion County has revealed that there are a number of crossings for automobiles in the county, many of which are not marked on the maps. In Marion, the number is not so great as in some of the other counties, but there are about 25 crossings. However, the city can boast of about 25 crossings.

No effort was made to check up the number of crossings on electric lines in the city as these crossings are not particularly dangerous. In the rural districts, electric lines have 18 points crossed by roads.

The southern section of Marion is the safest as far as railroad crossings are concerned. No steam lines extend to this section of the city.

But two townships exist in the county not crossed by roads. These are Highland and Grand. All others have at least one railroad passing through its territory.

While talking with railroad officials the subject of what constitutes a dangerous crossing was brought up. This brought about some argument but it was generally conceded that, with the

necessary amount of caution and care, no railroad crossing need claim a right of way.

In a question handed down recently by the United States Supreme Court, it was held that the railroad company was responsible for crossing accidents.

Three vocational instructors at Marion Public Schools, J. H. Hickey, Clyde H. Hensch, and R. A. Todd, are supervising the Harding High School printing room, Clarence Reed and Fred Townsend are enrolled in a class of "Trade Analysis" at Marion. Meetings are being held there every Friday night over a 16-week period. E. L. Hickey, director of State Vocational Training, is directing the course, and Professor H. H. Patton, a graduate of the University of Wisconsin, is the instructor.

SCHICK TEST GIVEN 260 LA RUE PUPILS

Work in Charge of Dr. F. Van Orsdall and Dr. N. Siffritt

The Schick test was administered to 260 pupils in the La Rue district school Monday by Dr. F. Van Orsdall of the county health commissioner and Dr. N. Siffritt reported today. They were assisted by Mrs. Emma M. Travis, county health nurse.

Results of the tests at La Rue made at the request of school officials there, and provide an interesting record on the effectiveness of immunization treatment, Dr. Siffritt states.

Many of the pupils who received the tests this week were immunized four years ago and the record at this time will show whether the treatment is still effective.

Results of Monday's tests will not be known until examinations are made this week.

At the time of his visit in the county, Monday, Dr. Van Orsdall said that as a result of thorough immunization work in schools throughout Marion County, diphtheria has been effectively checked until now the number of cases is only a small fraction of the total recorded before the treatments were started about six years ago.

UP FOR PAROLE

Toledo Man Serving Sentence for Burglary Here Eligible

Elmer Jerow, Toledo man serving a penitentiary sentence resulting from his arrest here on Dec. 30, 1926, is included in a list of prisoners paroled by the state board of clemency, yesterday. The parole becomes effective April 5.

Jerow was accused of having been implicated in a burglary at the Sinclair Oil Co. warehouse on Silver-st. He was indicted on two counts, one for burglary and the other for carrying concealed weapons. He pleaded guilty to the latter charge and was sentenced to from one to three years in the penitentiary.

He began his sentence on Jan. 22, 1927. During the last few months Jerow has been at the state prison farm at London.

Lawrence Jerow, serving time from Delaware County, was also included among the paroled prisoners.

NEW BOOKS ARE ADDED TO CITY LIBRARY LIST

A number of new books, including departmental books and some recent fiction, have just been placed in circulation at the Harding High School Library, it was announced by Miss Etta Jacoby, librarian. The list includes books by such authors as William J. Locke, Rafael Sabatini, Edna Ferber, Alexander Dumas, William Allen White, Henry Van Dyke, V. Hugo, Arnold Bennett and others.

FUNERAL SERVICES HELD FOR MRS. EARL R. WILSON

Funeral rites for Mrs. Elsie Ballantine Wilson wife of Earl R. Wilson, and whose death occurred Sunday night at City Hospital, were conducted at her late home, 207 Bellefontaine-st., yesterday afternoon. Rev. S. S. Hardy, rector of St. Paul's Episcopal Church, read the burial service of the Episcopal Church, and interment was in the Wilson plot in Marion Cemetery.

The Toughest Old Cough

Can Now Be Stopped

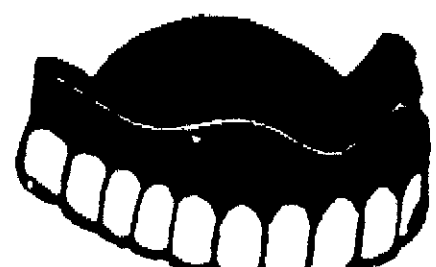

Obstinate, lingering, coughs—the kind that hang on and hang on and rob a man of his sleep—the kind that makes him peevish and all worn out. These are the breed of coughs that prove that common sweet cough syrups are about as useful as a bottle of ginger pop.

The quickest and surest way to get rid of a persistent, contrary, die hard cough is to take a teaspoonful of Brouchline Emulsion four times a day. This REAL cough medicine is made to stop the old timers—the tough ones—the obstinate ones—and it does it without any loss of time.

And remember, there is no chloroform—no sugar—no dope in this grand cough medicine. It is a prescription for stubborn coughs and that's the kind it speedily conquers.

For ordinary coughs—two doses is usually enough. Henney & Cooper will gladly supply you so will dealers everywhere.—Adv.

Reflects Tomorrow's Vogue

Pioneer

Hudson has pioneered many of the great advancements which make American motor cars the greatest dollar value of any commodity in the world.

It introduced and popularized such body types as the Sedan, Town Car, Speedster and Cabriolet.

It invented the Coach which turned the entire industry to closed cars.

It invented the exclusive Super-Six principle which is still the industry's idea of motor smoothness.

It developed the comparison invention to the Super-Six principle which turns waste heat to power. Together they combine the highest known efficiency in power generation and power transmission.

Hudson, too, invented the patented spring suspension, which makes these cars the easiest riding in the world.

A Great Today and Tomorrow because of a Great Yesterday

Hudson's leadership of mode is but another expression of the value that has been the first principle of Hudson manufacture since the beginning.

The resources, which in a moderate-priced car attained the highest mechanical possibilities of the day, have been brilliantly employed to create and lead a new vogue in beauty, comfort and luxurious appointment.

The wealth of quality detail you see, feel and touch—and every refinement that surrounds you—is typical and expressive of the quality that Hudson gives where character must guarantee the unseen values.

STUDEBAKER SALES LARGEST IN HISTORY

Both January and February set high marks in purchases by public!

SOUTH BEND, IND., Mar. 8.—Studebaker sales continue to climb to new goals of achievement! The number of Studebaker-built automobiles delivered to owners by dealers in United States during the month just closed, was the largest any February in history and 31% in excess of February, 1927. Coming immediately after the greatest January sale Studebaker history, this continued flood of public preference for Studebaker is particularly significant.

Motorists appreciate Studebaker's advanced engineering an automobile you can drive 40 miles an hour the day the car is delivered—that requires lubrication but once in 2 miles—that holds all the highest speed and endurance records for fully equipped stock cars, regardless of power or price. public has rightly interpreted these achievements as concrete evidence of Studebaker's championship value due to One-Plant manufacture.

By all means see and drive these new Studebaker and Erskine cars! Know the feel of championship power at the touch of your foot! Know the results of Studebaker's advanced engineering tested on Studebaker's million-dollar proving ground. You realize then, if you know cars, that Studebaker stands for stability—76 years of it!

4 BAD DAY FOR BUILDING GOOD WILL.

In an event, the supreme court has made plain the folly of the view, which is far more general than many imagine, that a workman must necessarily be one who works with his hands; that manual labor only constitutes work.

**Our Styles Are
Smartest**

When you come here and see styles newer and more daring than you expected don't be surprised—"there's a reason." We have perfected buying connections in New York that keep us supplied with the newest creations of the biggest style centers, almost as soon as they are created. We watch the leading Fashion Journals—we take the style question seriously—we know "what's what" in advance.

**Our Prices Are
Lowest**

The men behind this store know the New York market from end to end. We buy a whole lot of merchandise at a time, but we insist on a lower price for doing it. And we add less profit than the average store, because we're out to make friends and do a big business on small earnings. Both the saving in our buying and the benefit of our close profits help make our prices lower. Come in and see for yourself.

**Our Terms Are
Easiest**

We know that a whole lot of folks are dead of the ordinary method of paying for their clothes. That's why we're different—our terms are easy—no matter how much you buy, you can pay in 10 days. FREE-FOR-ALL FIGHT STOPPED BY OFFICERS

Five Negroes Arrested, 15 Driven from Town Following Quarry Battle

A free-for-all fight staged at the Evans quarry, north of the city, last yesterday afternoon by about 20 negroes was brought to a close by the arrival of Deputy Sheriff George W. Deal and Vane Ireland, who arrested five of the combatants and drove the other 15 out of the city.

The 15 fled north along the Hocking Valley tracks, displaying exceptional speed in their getaway.

Although stones, clubs and other convenient weapons were used in the fray, none of the participants were seriously injured, the officers report. Liberal

Kidney Trouble Responsible

Never mind how much you pay for a kidney medicine, so long as it puts your kidneys in good shape, banishes that backache and drives puffiness from under the eyes.

A stitch in time saves nine—a few days' treatment right now with this amazing medicine may save a life—save heartbreak through grief—and perhaps the breaking up of a happy home.

Never mind what you have tried before—if you get up through the night, if your palms are moist, if you even suspect you have kidney trouble, get Dr. Carey's Marmolol Prescription No. 777 today at Hennessey & Coopers or any druggist anywhere and if it doesn't help you, if you aren't glad in a week's time that you bought it, go and get your money back—it will be waiting for you.—Adv.

AN EASY WAY TO LOSE FAT

Instead of abnormal exercise or diet, they combat a cause of excess fat. They supply an element Nature employs to turn food into fuel and energy. This method was discovered by research men some two decades ago. It has for 20 years been embodied in Marmolol prescription tablets. Millions of boxes have been taken, and almost every circle shows the results in new beauty, new health and vitality.

The formula comes in every box, also the scientific reasons for results. So users have no fear of harm. Go learn now what Marmolol does for excess fat, and why. Your druggist supplies it at \$1 per box. Take four tablets daily and watch the change.

Prescription He Wrote in 1892 is the World's Most Popular Laxative

When Dr. Caldwell started to
practice medicine, back in 1875, the needs
for a laxative were not as great as they
are today. People lived normal, quiet
lives, ate plain, wholesome food, and
got plenty of fresh air and sunshine.
But even that early there were drastic
physics and purges for the relief of
constipation which Dr. Caldwell did not
believe were good for human beings to
put into their system. So he wrote a
prescription for a laxative to be used
by his patients.

The prescription for constipation that
he used early in his practice, and
which he put in drug stores in 1892
under the name of Dr. Caldwell's Syrup
Pepsin, is a liquid vegetable remedy in-
tended for women, children and elderly
people, and they need just such a mild,
safe, gentle bowel stimulant as Syrup
Pepsin.

Under successful management this
prescription has proven its worth and
is now the largest selling liquid laxa-
tive in the world. The fact that mil-
lions of bottles are used a year proves
that it has won the confidence of peo-
ple who needed it to get relief from
headaches, biliousness, flatulence, in-
digestion, loss of appetite and sleep, bad
breath, dyspepsia, colics and fevers.

Millions of families are now never
without Dr. Caldwell's Syrup Pepsin,
and if you will once start using it you
will also always have a bottle handy
for emergencies.

It is particularly pleasing to know
that the most of it is bought by mothers
for themselves and the children, though
Syrup Pepsin is just as valuable for
elderly people. All drug stores have the
generous bottles.

We would be glad to have you prove
at our expense how much Dr. Cald-
well's Syrup Pepsin can mean to you
and yours. Just write "Syrup Pepsin,"
Monticello, Illinois, and we will send
you prepaid a FREE SAMPLE BOT-
TLE.—Adv.

NEW DISTINCTION FOR LATIN-AMERICA

Will Likely Furnish New Dean
of Diplomatic Corps in
Capital

Washington, March 15.—Latin
America appears destined for a new
distinction, that of providing the dean
of the diplomatic corps in Washington
before the year is out.

Cable dispatches from London have
received the report current here from
time to time in recent months of the
respective early retirement of Sir
Esmé Howard as British Ambassador
to the United States. Heretofore these
reports have suggested the transfer of
Sir Esmé to one of Britain's major
diplomatic assignments in Europe, but
the most recent hint is that he is to
retire to private life when he leaves
Washington.

On Sept. 15, Sir Esmé will become
65 years of age, the established age
for retirement in the British diplo-
matic service. With such a brief in-
terval until he would be eligible for
retirement it is not within the realm
of probability that he would be given
a new assignment.

In Poor Health

Ambassador Howard has not en-
joyed the best of health the last year,
although at the present time he ap-
pears to be in excellent physical con-
dition, capable of actively carrying on
for sometime to come. It will be re-
called, however, that he was ill for
several weeks last summer while at
the summer embassy on the Massa-
chusetts North Shore.

Sir Esmé became dean of the diplo-
matic corps last summer, by virtue
of the seniority of his tenure here as
a major diplomat. He succeeded to
the ranking position through the re-
tirement of Baron de Cartier, the for-
mer Belgian ambassador.

But for the fact that he resigned
his post a few days ago as ambassa-
dor from Argentina, because of differ-

JURY EXPECTS TO GET CASE BEFORE NIGHT

Testimony for Plaintiff in
\$15,287 Damage Action
Is Completed

Suit for \$15,287 damages brought
against F. Adolbert Rogers on behalf
of Clarence Rizer, 15, for injuries sus-
tained by the boy in an automobile ac-
cident, was expected to go to the jury
about noon today. Trial of the case
started in Court of Common Pleas yester-
day morning.

Testimony for the plaintiff was com-
pleted yesterday afternoon and the de-
fense was scheduled to wind up its
side of the case this morning. About
20 witnesses, most of them persons liv-
ing in the neighborhood where the ac-
cident occurred, were subpoenaed for
the hearing.

Amputation of the boy's left arm
was necessary as the result of his in-
juries. The accident occurred on Ben-
nett st., near Waterloost, on July 30,
1929, while Rogers was driving east in
his automobile and young Rizer was
riding west on a bicycle.

Doules Blame

Rogers in his defense asserts that he
was not at fault, the claim being that
the boy accidentally ran into the rear
of the Rogers machine.

The firm of Mouser, Young & Mouser
represents the plaintiff. William Geer
of Galien and L. E. Myers of Marion
are attorneys for the defendant.

istrator of the estate of Martin C.

Answer Filed

Only \$14,038.13 is due John Zach-
man as the balance for his services
in moving and re-constructing St.
Paul's Lutheran Church, according to
an answer filed by the church trust-
ees to a suit brought in Court of Com-
mon Pleas by Zachman, in which he
seeks judgment for \$23,057.00.

The original contract price, with ex-
tra, amounted to \$4,058.13. The trust-
ees in their answer state that \$3,000
has been paid in cash and that this
amount, in addition to credit which
they claim is due on various items,
leaves a balance of \$1,038.13 to which
Zachman is entitled. They say that
they are willing to pay on that basis
and request the court to fix judgment
for that amount.

Included among claims filed by the
church trustees for deduction from
Zachman's account, are \$200 for al-
leged defects in construction of a con-
crete floor in the basement and \$400
for plastering said to be faulty.

Under the contract, intended to be
completed by July 1, 1929, Zachman had charge
of the work of moving the church from
its former location on Windsor st.
to the present site at the corner of Win-
dors and Bellefontaine sts. Remodeling
and repairs were included in the con-
tract.

The church trustees filing the answer
are John C. Deane, John D. Jacobs,
J. W. King, William K. Elmer and
John M. Gentry. They are repre-
sented by the law firm of Wideman
& Feltus.

C., D. & M.-Business College To Feature Industrial League Carc

SECOND PLACE WILL BE HONOR SOUGHT IN GAME FRIDAY NIGHT

Regular Schedule Ends with Battle; Three Frays Slated for Monday

Second place will be at stake Friday night when the C., D. & M. cagers and the Business College Five clash in the feature attraction of the Marion Industrial League in Star auditorium.

Friday night's game will mark the close of the regular schedule although it is planned to play a series of games next Monday. Six highest teams in the league standings will take part, according to present plans.

Osgood Commercial, champions of the league, will not be seen in action. However, they will probably play Monday.

The rivalry between the Business College and C., D. & M. has been great throughout the season. The electric men are getting the odds to win by virtue of the 23 to 19 defeat administered the secretaries earlier in the season. Both teams are tied for second place.

Huber and Silk Mill are hoped out to win their respective games with American Malleable and General Excavator. Malleable is in last place and the Excavators are sixth.

The contents will start at 7:30 o'clock.

MIDWAYS LOSE

Eliminated From Columbus Basketball Tourney By Reichenbachs

But one Marion team remains in the State basketball tournament which enters the semi-final round tonight, following the defeat of the Midway Lunches by the Reichenbachs, 50 to 32.

Until the last six minutes of play the local cagers were in the lead. In those six minutes the Columbus team scored more than 20 points to win. Jude Baerman was the main cog in the defeat of the locals scoring 21 points.

OPENING OF SEASON SLATED FOR MAY 6

Marion Eagles Lay Plans for Baseball Team for Coming Year

Although no opponent has been selected, the baseball season in Marion will get under way on Sunday, May 6, according to plans completed last night by the Eagles Lodge. The lodge will sponsor the team this year.

Efforts to get the local team into a league has been fruitless so far due to the great distance at which they would be compelled to travel. All independent teams will be booked here, it was announced.

EXPECT NEW FACES IN STATE'S LINE-UP AT ILLINOIS RELAYS

Meet Saturday Is Only Contest on Buckeye Varsity Program This Week

Columbus, March 15.—The Illinois Relays, the only contest on the Ohio State varsity program this week, may find several new faces in the line-up Saturday night. Coach E. H. Castleman will present as a result of final exams now going on. Howard Krick, 1927 Big Ten dash champion, has a chance to become eligible for the meet, while Fred Strother, sophomore sprinter, may be available for the 300-yard feature.

"Fred" Anson, ex-Big Ten broad jump champion, who was out of school last year, will also be available if he passes the final examinations this week. With him in the high jump and broad jump, Ohio State's showing would be greatly improved.

It will be necessary for Dr. Castleman to compile his final entries at the last moment since a check-up on eligibility will not be possible until examination sheets have been tallied toward the end of the week. At present, George Elmpson, Columbus, who came within a tenth of a second of the world's record in winning the Western Conference indoor dash championship last week will be a strong contender in the dash at Champaign on Saturday night.

Dick Rockaway, who placed in the Big Ten hurdles and was hardly nosed out in the 60-yard dash, must be taken into consideration in both events. Captain Paul Tooley will probably contend in the 1000-yard run or in the 1500 meter affair. However, if it is decided to compete an Ohio Relay team, Tooley will be used in that capacity rather than in the individual events.

If Ohio State has a quartet in the two-mile relay, it will probably be composed of Hall, Storey, Hanover, and Tooley. The latter two with Loomis and Haven will comprise the four-mile team it entered.

While the track men are at Champaign, the remainder of the Buckeye athletic force will be entertaining finalists in the state high school basketball tournament to be held at the Coliseum on the State Fair grounds on Friday and Saturday.

RURAL YOUTHS WILL TAKE PART IN STAR TOURNEY SATURDAY

Twenty-Three Take Part in Foul Shoot Contest; Chaney Still Leads

Basketball stars of Marion County will take part in The Star's foul shooting tournament in the Star Auditorium Saturday afternoon. The contests will get under way at 1 o'clock.

Many entries have been received from rural districts of the county and students who are a Freshman or less in school are eligible to enter.

Tonight and Friday will complete the shooting for local schools. However, those who have not taken part in the tournament any time this week can do so. No entry blanks will be required for the balance of the week.

Twenty-three took part in last night's shooting with 15 being high school students. So far, the record of Albert Chaney stands as high. He scored 29 free throws out of a possible 35.

Last night's scores are: Edwin Wilgus, 8; Jack Bray, 7; William Stark, 15; Morris Whitman, 12; Howard Jones, 14; Quoten Walker, 7; Milton Brinkman, 5; James Jobe, 10; Warren Fulton, 15; Clarence Chamberlain, 13; Robert Haldeman, 10; William Foster, 12; George Harden, 10; Robert Ruth, 2; Carl Schadt, 4; Clair Jacoby, 13; John Thibaut, 6; Donald Kinnaman, 5; Joe Crane, 13; Robert Reid, 8; Warren Smith, 10; Charles Reid, 3; Wilfred Coffey, 5.

FASTER CARS WILL SPEED UP MANKIND

Speedway Is Cradle of Latest Improvements in Autos, Racer Claims

Indianapolis, Ind., March 15.—The world has been made to move faster as a result of the Indianapolis Motor Speedway, according to Captain E. V. Rickenbacker, famous American Ace of Aces in the World War and now president of the syndicate that stages the International 500-mile race here each May 30th.

"Even the speed of dogs and chickens has been increased in the world's laboratory of speed, the Indianapolis Motor Speedway," declares the daring young man who left the speed paths to win undying fame in the skies.

"All of the development in automobiles is directly traceable in the speedway, the cradle of the industry in which cumbersome bucket seated juggernauts were gradually made into the models of perfection we see on the streets today.

"This is an age of speed. Even the Ford will travel 65 miles an hour. Think of how our day will be speeded up when a million of these small cars get into circulation. Other manufacturers will follow suit.

"With several million of these new cars scattered throughout the United States drivers will not only have to think faster but pedestrians jump to faster. This new burst of speed will cause us to eat faster, drink more quickly, get up earlier and faster in the mornings; we will do twice as much work; new cities will be built; highways will be constructed across barren wastes which will become prosperous; chickens and dogs will have to step up their speed or fall victims of a new age—and all of these changes were incubated on the Speedway at Indianapolis where, for many years, daring young men have been testing the advanced lines of better engineers."

Rickenbacker declared that the new speed in passenger cars would create a new audience for the 500-mile race, an audience of small car owners who will evidence a new interest in high speeds until recently considered a myth, but who now know by the automobiles in their own hands to exist.

Thousands of turf followers will regret the passing of the Windsor Jockey Club track across the river from Detroit. The plant, which was the scene of a Grand Circuit meeting several years ago, is being cut up into building lots.

In no other sport has Harvard rolled up such a fine record against Yale as in the baseball, the Crimson nine's victories outnumbering those of the football and track teams and the crew.

ROBINSON SENATORS PLAY

Clearwater, Fla., March 15.—Today the Brooklyn Robins will take on the Washington Senators, their first league opponent of the season. The Robins batted like champions yesterday in triumphing the University of Florida, 17 to 3.

McGRAW HIT

Augusta, Ga., March 15.—John McGraw was fully convinced today that the Giants are powerful batters. While the regulars were defeating the second team, 5 to 1, Muggsy was hit on the knave by a batted ball and injured.

BRAVES PLAY YANKS

St. Petersburg, Fla., March 15.—The New York Yankees tackled the Boston Braves today intent on obtaining revenge for the beating given them by the Beaneaters earlier in the week.

TO USE REGULARS

Santa Ana, Cal., March 15.—Joe McCarthy and his Cubs were here today for an exhibition game against the Portland team of the Pacific Coast League. Great importance is attached to the game since Boss Joe expects to start the lineup he will use in the pennant race opener at Cincinnati.

LAST GAME

Shreveport, La., March 15.—One more stand against the local Shreveport club today and then the White Sox will hit the road for Texas where a long series of exhibition pastimes will be played.

MUD HENS TODAY

New Orleans, March 15.—The Toledo "Mud Hens" are in for a tough time of it here today, according to Manager Roger Peckinpaugh of the Cleveland American League club. "Peck" gave his regulars an especially long drill in hitting and fielding yesterday in preparation for today's "return engagement" with the "little world series champs." The Toledoans soundly trounced the Indians at Biloxi Tuesday.

PHILLIES TO BETTER TEAM, COULDN'T BE WORSE THIS SEASON

Shotton Trying to Make Outfielders Out of Infield Men; Kelley Going Good

BY DAVID J. WALSH

Winterhaven, Fla., March 15.—Just for the sake of being agreeable, the writer walked up to Burt Shotton today and remarked that "then," meaning largely in particular, had declared that Bill Kelley, his new first baseman from Minneapolis and Syracuse, wouldn't be a major league pitcher. Mr. Shotton is a somewhat amiable soul, too.

"How the—do you know?" he inquired very pleasantly.

However, it may be well to say that the Phillies are better, first, because they couldn't be worse, and second, because the statement is likely to be true. The tip-off on the infield situation, a very depressing matter these many years, is that Shotton is trying to make outfielders of Russell Wrightstone, 1927 regular, and Bill Dietrick, from Portsmouth, Va., the prize exhibit of the camp.

Infield Satisfactory

He declared himself today as being at ease, over his first string infield, composed of Kelley, Lafayette, Franco Thompson, of St. Louis, Heine Sand, of San Francisco and Young Whitney, of New Orleans.

"Kelley never showed me a batting weakness when he was hitting all those home-runs in the International League," Shotton said. "I'm dogged glad to get him. Thompson was the best young second baseman in baseball last year. Sand, at shortstop, has been coming on steadily. Whitney at third base looks like a find. He hasn't hit under .300 during the four years he has been in baseball.

Mr. Shotton didn't exactly say what was on it but he didn't have to. Everybody knows that he would give his windpipe for a couple of first class pitchers. He started out with one, namely Frank Ulrich, but the latter is just emerging from a Baltimore hospital.

Pitching Only Fair

The other regulars are Alex Ferguson, never as good as they thought he would be; Jimmy Ring, whom Shotton says didn't get a chance in St. Louis; Clarence Mitchell, the only left-hander in baseball with a splitter; Bob McGraw, another St. Louis fugitive, and Claude Willoughby, of Buffalo, Kansas, no less. They are not so good. In fact if Shotton's word on the infield is borne out, the pitching is the weakest feature of an indifferent ball club.

Hubert Pruett, Babe Ruth's ex-boy friend, still is on the paymaster's list but he is off coaching college baseball. This is particularly true in view of the fact that Shotton is much enamored of Ray Ronger, a young right-hander from Waco, and Huntsville, Texas. Shotton also has fair words for Lester Sweetland, a left-hander up from Spartansburg and Melbourne, Fla.

June Green, from Portsmouth, Va., and Greensboro, N. C., and August Walsh, from Pittsfield, Mass., have contrived to call down upon themselves some favorable notice. However, June and August probably won't last through April.

As long as Jimmy Wilson is available, the Phillies' catching will be something for some other club to worry about.

It was expected to be touched off by the communications from General Sandino, Nicaraguan rebel leader, in the near future.

Perfect health is refreshing

If you are tired—lack pep—if your skin is not clear—if your appetite is "gone"—you owe it to yourself and friends to try S.S.S. Its tonic effects will surprise you.

When your system is filled with rich, red blood, you don't have that tired, languid feeling when you awake in the morning.

Instead, you feel refreshed; ready to meet the world!

Your appetite is keen, you enjoy work or play. Your skin is clear—cheeks naturally rosy.

All this because rich, red blood is Nature's substance for building and sustaining the body.

Thousands have regained their

strength and charm by taking a few bottles of S.S.S.—Nature's own tonic for restoring the appetite—building strength—and clearing the body of so-called skin troubles.

You know a clear skin comes from within. Correct the cause—through the blood—and pimples, boils, eczema and that sallow complexion will disappear.

For more than 100 years S.S.S. has been giving relief in thousands of cases, as testified to in unsolicited letters of gratitude.

WHITFIELD TO BE BURIED TODAY
Cleveland, March 15.—John Leonard Whitfield, who was buried last Saturday after escaping from the state penitentiary, where he was serving a life sentence for the murder of Cleveland policeman, was to be buried today.

Following a legal battle which lasted through Wednesday afternoon, the body of Whitfield was taken to the funeral home of J. H. Barry, where it will be held for burial today.

LAD SUFFERS TO BURN
Tilghnoville, March 15.—A young boy, 12, is dead, having been burned yesterday. The child fell from a tree, into the fire, containing a lot of water, while her mother, Mrs. James S. Shaw, was in the yard hanging up laundry.

Columbus, March 15.—A young girl, 18 months old, died yesterday. The child fell into a jar of water, which was left on the floor. The child was found floating in the water, and her body was recovered.

FORMER COMMISSIONER GOES TO ATLANTA

Toledo, March 15.—Frank G. Thompson, former U. S. Commissioner, today was under sentence of two years in the Federal Penitentiary at Atlanta after being found guilty, late yesterday, of accepting a bribe from a bootlegger. He was also fined \$12,500.

Thompson was tried on a charge of conspiracy along with Jack Thomas and Miss Ruth Hollinger, Thompson's secretary. Thomas was sentenced to a year and a day in Atlanta, while Miss Hollinger was acquitted. The jury deliberated four hours.

15,000 WILL SEEK 493 SEATS IN REICHSTAG

Berlin, March 15.—Approximately 15,000 candidates representing 20 different parties will contend in the race for 493 Reichstag seats in the forthcoming general election. Many of the candidates will be women.

The reichstag will be dissolved at the end of this month. The date for the election has not been set, but it is believed it will be held in May.

Pyle's Gang Push Into 5,400-Foot Altitude

Peach Springs, Ariz., March 15.—C. F. Pyle's eastbound marathons left Peach Springs and pushed on to their twelfth control at Seligman, 35 miles distant today.

The dash, though not so long as yesterday's romp from Kingman to Peach Springs, promised to be equally as arduous as any to date, as they touched a 5,400-foot altitude.

Arthur Newton, the Rhodesian ramblor, is leader in the grand today by approximately eight hours. His time was 61:30.

ANNUAL MEETING TO DRAW SCIENTISTS

Two Thousand Expected at American Chemical Society Sessions

St. Louis, Mo., March 15.—Two thousand scientists are expected to attend the annual meeting of the American Chemical Society here April 16 to 19. They will include speakers from many of the country's universities and experts in industrial chemistry, also foreign scientists.

Chemistry's science with medicine in the battle against disease already successful in curing blood poisoning, and kindred the will feature the discussion. Dr. William T. M. of Rochester, Minn., will speak at a group dinner on April 17 on "The Advancement of Learning in Medicine Through Biochemistry."

Sir James Collip, principal and vice-chancellor, the University of St. Andrews, Scotland, will lead a party of foreign research leaders who will come to America to take part in another national meeting of the society at Northwestern University, Evanston, Ill., July 22 to Aug. 15.

A full meeting of the organization will be held under the auspices of the Boston section at Swampscott, Mass., Sept. 19 to 21. Officers of the chemical society at the St. Louis meeting hope to inaugurate one of the most notable series of national reforms in the history of American chemistry.

Among the hundreds of experts who will speak at the convention are Dr. S. W. Parr, professor Emeritus of industrial chemistry at the University of Illinois and an international authority on chemistry in coal products; Dr. R. C. Roark of the Bureau of Chemistry and Soils, Department of Agriculture, Washington; H. E. Wilson, assistant director of research and chemical engineering for the Standard Oil Company of Indiana; W. T. Reed, head of the Department of Chemistry at Texas Technological College, Fort Worth; E. W. Washburn, director of the School of Chemistry University of Minnesota; H. S. Fox, head of the Department of Chemistry at the University of Cincinnati; W. H. Rodehorst, professor of physical chemistry, University of Illinois and Herman Schindler, chairman of the Department of Chemistry, University of Missouri.

GIRLS FAIL IN BIDDING FOR VALENTINO CIGARETTES

Los Angeles, Cal.—Memory of Rudolph Valentino was brought back recently when a dozen or more flappers with each other for possession of some of the late film actor's specially imported cigarettes. They were offered to the highest bidder at an auction of unclaimed merchandise conducted by the United States customs collector.

The cigarettes, imported from Cairo, Egypt, were in two lots, one of 3000, and the other 3500. Higher and higher went the bidding, but after the \$20 mark had been reached, prosaic tobacco dealers bought the romantically associated wares for \$40 and \$18, respectively, and the flappers left disappointed.

Already there has been unearthed the original Roman gateway to the town; a mammoth drain down which water still flows from some mysterious source; two rooms believed to be part of the public baths and tessellated pavements, pottery, and mosaics.

Plans are afoot to have the more important of the buildings preserved as public monuments.

Mr. John Reckle, R. S. Prospect, Ohio—one of the best known farmers of Marion County, suffered something terribly for twenty years. Thousands of dollars were wasted in a vain effort to find relief, not speaking of the suffering endured. So much so, in fact, that Mr. Reckle was compelled to give up farming about eight years ago.

About seven months ago Mr. Reckle availed himself of the Sykodoner System. Now he has gained forty pounds in weight, feels and looks like a new man; saying he would not take one thousand dollars for what it did for him; and that he is again getting ready to go back to farming.

All Sections of Stock Market Push Upward

LEAD IS STILL HELD BY G. M. C.

Stock Buying Craze Spreads

to All Parts of
Country

New York, March 15—All sections of
the stock market pushed upward in a
heavy volume of trading today. Re-
lentless squeezing of the shorts in the
specialties in the foreign resulting in
over price gains of from 2 to 10 points
in ten or more of the issues that have
been basking in the spotlight in re-
cent sessions. Around the noon period
General Motors raised ahead of the
whole list and established a new high
record at 184, up 7 points, once more
impressively displaying its position of
market leadership.

Despite the cautionary statements of
the leading brokerage houses and specu-
lative leaders here, the stock-buying
craze has apparently spread, and the
fervor for speculation is daily exhibited
in the crowding of the commission
houses, the piling up of buying orders
from out of town points and the ten-
acity with which new purchasers hold
on to the stocks. There has been com-
paratively little profit taking in stock
which have jumped from 10 to 70 points
since the turn of the month and it re-
quires only a moderate volume of buy-
ing to boost the stocks of prominent
enterprises like U. S. Steel and General
Motors 3 to 5 points in a very short
period.

An under-current of confidence ran
through the financial district today.
In some quarters the report of the Cool-
idge candidacy was repeated, with good
effect, persistent buying demand for
the railroad stocks, the dividend paying
industrials and the better grade of mo-
tor stocks, which has practically
"turned the market" in the last few
days, has its roots in the confident ex-
pectation of the re-nomination of Calvin
Coolidge, with his consent, according
to these sources.

ARRESTS IN SMUGGLING

Tokio, March 15—The inauguration
of strenuous measures by the Japanese
government to check the smuggling of
arms into China today resulted in the
arrest of four Japanese who are alleged
to be the leaders of a huge smuggling
ring here. The men were charged with
attempting to smuggle 20,000 rifles and
200,000 bullets into China.

MARIONITES WITNESS RARE SUN SPECTACLE

Double Halo Forms in Sky
About Noon Today; Resem-
bles Rainbow

Marion was treated about noon today to a remarkable phenomenon of the sky when a huge double halo appeared about the sun. The halos had the appearance of a double rainbow, with the red on the inside and the other colors on the outside.

According to the New Century Dictionary and Encyclopedia a halo is a luminous circle, either white or colored, seen round the sun or moon, and composed of 22 or 48 degrees radius, the definite radii depending on the definite angles of ice-crystals.

Sometimes one of these only is seen and sometimes both appear at the same time. Halos are due to the refraction of light as it passes through minute ice-crystals in the atmosphere. They are frequently accompanied by supereruptory circles, parhelia or mock suns.

Halos, according to the dictionary, are not to be confused with coronae—concentric rings which encircle the sun or moon when seen through a mist or cloud. Halos are red inside, coronae are red outside.

George T. Emerson Files Action
Against R. E. Thompson

Seeking a judgment of \$65 which charges represents the damages sustained by his car as the result of the collision, George T. Emerson, Union, brought suit against R. E. Thompson in Municipal Court yesterday afternoon, as an aftermath of a collision

between a Ford coupe belonging to Emerson and a car being driven by Thompson.

According to the petition, the accident occurred at the intersection of Prospect and Church streets on Feb. 2 when Emerson, a son of the plaintiff, started to cross the intersection when the traffic signal showed green. His car was half way across the street when Thompson, going against the red light, crashed into him. The petition charges negligence in having faulty brakes.

COMMITTEE CHAIRMAN SPEAKS AT LUNCHEON

Dr. F. A. Stengel Tells of Educational Principles of
Kiwanis

The development of the personality of the members for the promotion of Kiwanis ideals into personal and community life was given by Dr. F. A. Stengel, speaker at the Kiwanis Club luncheon at Hotel Harding at noon today, as the fundamental principle of Kiwanis education.

The talk was the first of a series to be given by the chairman of the various club committees. Dr. Stengel, who is chairman of the education committee, talked on the education principle of the club.

R. A. Garvin, principal of Vernon Heights Junior High School, who gave a three minute talk on his work, told of the development in modern education methods. He also brought out the fact that 80 percent of the children at the Vernon Heights school were bankers.

That man, he said, was taking advantage of the school banking system.

Announcement of the coming convention of the Ohio State Fire Chiefs' Association to be held in this city the first week in June, was made by G. Kerr Larie, president of the club, who urged that all members of the club lend their support to make the convention one of the most successful ever held in the city.

W. M. WARNER NAMED ON COUNTY DAIRY STAFF

W. M. Warner was appointed field secretary to assist in carrying on the work at the regular meeting of members of the Marion County Branch of the North Central Ohio Co-Operative Dairy Sales Association held last night in the farm bureau office, Park-bldg. Mr. Warner, who has had extensive experience in the dairy business, will devote his full time to the work. Membership of the association, which includes about 60 per cent of all milk producers in Marion, report optimistic views on the work of the organization.

TO ATTEND REVIVAL

Pleasant Grove Group To Come Here for Services

A delegation from the Pleasant Grove Christian Church will attend the revival service tonight at Central Christian Church when Rev. J. J. Tiedall of Mansfield, noted evangelist, will preach on the subject, "Short Weight."

Last night the attendance was larger than at any time since the opening of the revival Sunday. Reverend Tiedall preached a stirring sermon, "Mutilating the Bible," based on Jeremiah 8, 23.

"People today ignore part of the Bible," Reverend Tiedall said, "thinking by that means to destroy truth. Past history reveals that the destruction of the Bible will not destroy truth, however. Some say science will destroy the Bible. True scientific men are believers in the Bible for the Bible is not a scientific book but one that teaches us how to live. Whenever in doubt because of the many confusing voices of scientific controversy turn with confidence to the Word of God. The Bible demonstrates the truth and the truth hurts when not obeyed."

Mr. and Mrs. E. C. Tuckerman of Huntington, W. Va., sang as a duet, "Love Divine."

MAY GRANT STAY

Peppers Scheduled To Be Executed on Murder Charge Tonight

Columbus, March 15—Possibility that Gov. Vic Donahay will grant a 10 or 15-day reprieve to Eddie Peppers, 21, colored, former Gallipolis hotel porter, scheduled to be executed in Ohio Penitentiary tonight, was indicated at the governor's office at noon today.

The Ohio Supreme Court yesterday rejected Peppers' appeal from the death sentence which followed his conviction of attacking and strangling to death Mrs. Florence Buck, 37, postmistress of Grimms Landing, W. Va.

Peppers was found guilty last November of using a towel in strangling Mrs. Buck in a room of the Gallipolis hotel where he was employed. The crime occurred on Aug. 18, last.

It must be very boring to be such a distinguished personage that you are always "news."

Takes Glycerine Mixture—Gas All Gone

"As soon as I ate I was in misery. I tried Adlerika, and to my surprise it added stomach gas entirely. I eat anything I want now."—T. M. Schlabach. The simple mixture of buckthorn bark, glycerine, saline, etc., (known as Adlerika), has a most surprising DOUBLE action. First, it acts on BOTH upper and lower bowel (most medicines act on lower bowel only) and removes foul matter that often poisoned the system for months. Second, Adlerika cleans all GAS and sourness from stomach and bowels, bringing INSTANT relief from stomach trouble. And in addition, Adlerika removes metabolic poisons which cause neuritis, rheumatism, etc.

Dr. H. L. Shoub, New York, writes: "Adlerika, in addition to its intestinal cleansing, checks the growth of intestinal bacteria and bacillia."

Dr. J. Weaver: "In my 50 years' practice, I have found nothing to excel Adlerika."

J. E. Puckett: "After using Adlerika, I feel better than for 20 years. Awful impurities were eliminated."

It will astonish you the great amounts of poisonous matter Adlerika brings out—matter you would never believe was in your system. In chronic constipation, gas bloating, sour stomach and sick headache, just ONE spoonful Adlerika brings wonderful relief. At leading druggists. Sold in Marion by Heeney & Cooper and other druggists. —Adv.

THREE STOLEN CARS ARE RECOVERED BY POLICE

Two cars taken by joyriders last night were recovered by the police early this morning. Shortly after 10:30 a black last night employee of the Prendergast Lumber Co. reported the theft of a Chevrolet coach belonging to the company from N. Prospect street. The car was later found parked on Campbell.

Harold Prendergast, Vernon Heights, which was stolen from E. Church street Tuesday night, also has been recovered. The car was found yesterday parked along the Harding highway east of the city. Aside from having been driven considerable distance, the machine was not damaged.
